What The Giving Fund Covers

The recipient must be in need of assistance as a result of a catastrophic event or emergency hardship that is:

1. **Identifiable** – the event must be described in detail in the application;
2. **Damaging to property/person** – a loss of life, health or property must occur;

3. **Sudden** – the event must be swift and precipitous, not gradual or progressive;
4. **Unexpected** – the event must be unanticipated, unforeseen, unintended and unplanned, an ordinary, anticipated event caused by deliberate intent will not qualify; and
5. **Unusual** – the event must be extraordinary and nonrecurring, it cannot normally occur in the ordinary course of day-to-day living, it should also be an event that is not normally covered by insurance or, if it is covered by insurance, it should result in a need that exceeds all available insurance benefits.

Examples – qualifying catastrophic events include, but are not limited to the following:

- Funeral expenses upon the death of a Team Member or a member of his or her immediate family;
- Urgent medical and dental expenses (including related expenses for travel to obtain medical care) that are not covered by insurance;
- Emergency housing expenses to prevent or following eviction;
- Property casualty loss of home or contents due to a catastrophic event that is not covered by insurance; and
- Unexpected loss or damage to vehicle or other mode of transportation that prevents a Team Member from working;

Authorization to release funds requires a minimum of three Committee Members voting on each request.

Limit Of Assistance

- The maximum request per catastrophe is \$5,000 per Team Member.
- There must be adequate funds available in the Giving Fund for a request to be granted.
